

Moore, A.J. Electric, Inc.

Description:

A. J. Moore Electric, Inc. started in 2001 when it's president Frank E. Moore left his position of 20+ years at a local electrical contractor to pursue a new venture. With the support of his family members, A. J. Moore Electric was born.

The company's first jobs were some home homes and a few retail store build-outs. Then a restaurant was completed and a service/maintenance van was purchased. A. J. Moore Electric then grew into working on more retail stores and more restaurants with a fire station and other commercial jobs thrown in the mix. ...
